SUMMARY

Multidisciplinary **Product Development Lead** and **AI/ML Engineering** student. Specialized in building civic-tech platforms and digital service experiences for startups and the **Government of Karnataka**. Expert in bridging user research with high-fidelity UI/UX design to solve complex public service and business challenges.

EXPERIENCE

Government of Karnataka — 2024 – 2025
Product Development Lead — Research — UI/UX Designer — *Mangaluru, India*
- Led user research and product strategy for state-level civic-tech and public service projects.
- Designed and implemented user-centric community tools, including waste management and public safety workflows.
- Collaborated with the Deputy Commissioner and local authorities to modernize public infrastructure systems.

DailyGo — July 2024 – Present
Product Designer & Co-Founder — *Karnataka, India*
- Built a skill-based student earning platform connecting students to part-time jobs aligned with their skills; recognized at the **AICTE Productization Fellowship**.

InUnity – Innovation for Community — March 2025 – August 2025
UI/UX & Graphic Designer — *Mangaluru, India*
- Designed intuitive digital interfaces for community-driven innovation projects under MP-led initiatives.

FEATURED PROJECTS

Campus Store: Student Rental Platform | *Product Designer & Developer* — 2025
- Designed and built a campus-only student rental platform for borrowing academic essentials.
- Implemented using **Figma, React/Next.js, and Firebase** for seamless discovery and inventory management.

CleanCity: Waste Collection Tracker | *UX Designer & Project Lead* — 2024 – 2025
- Partnered with the **Mangalore Deputy Commissioner** to create a tracker for residents to report missed pickups.
- Scope: App Design, Service Experience, and Resident-Government communication workflow.

Mangaluru Beach Festival 2026 & EMERGE | *Brand Designer & Web Developer* — 2024 – 2025
- Developed the visual identity and web platforms for major coastal innovation and culture festivals.

Keeping You Safe: Road Safety Initiative | *Project Lead* — 2023 – 2024
- Developed an emergency response notification system in collaboration with local law enforcement.

KnowMyHealth | *UI/UX Designer* — 2024
- Designed health dashboards and visual identity systems to simplify medical tracking accessibility.
